I just made a quick comparison of the UC report to Scotts sent by Bob on 6/3 to the report I sent on 6/12. While much of the content is identical, it is not the same report. The contents are presented in a different order, the wording is sometimes different and the one I sent is much longer.

Thanks for the report. Have gone through the files from the basement and found some potentially useful data, will be reviewing with Carol when she gets back in town. Jim L

Is there any reason to not to add the original UC report to Scotts to the administrative record? The report was sent to Scotts with a cover letter from Dr. Brooks dated July 1, 1981. If there is no objection, I will send a copy to Amishi.
